**VOO
DOO**

Philosophy

Founded in 2000, **VOODOO** is a premium brand which is focussed on producing the highest quality products on the market. Innovations such as the Banana Shape hook, Millenium Indoor Glove and Extreme-LOWBOW moulds have ensured **VOODOO** is the leader today.

VOODOO sticks are constructed using individual lay-ups, featuring Japanese carbon and Swiss Resin. This attention to detail and quality makes a Voodoo stick unline any other on the market. Strength, power, durability and a super-light feel – **VOODOO** has you covered.

From the very beginning **VOODOO** has aimed to be different. With groundbreaking graphics, **VOODOO** changed the way hockey sticks were supposed to look. Other brands have followed, but none are able to replicate the orginal.

VOODOO is daring to be different. **VOODOO** is standing out from the crowd. **VOODOO** is the confidence to push your limits.

VOODOO is you.
